

## **REMARKS**

In the response to the restriction requirement dated August 16, 2006. Applicants by their Attorney elected with traverse claims 1-7, 16 and 24-26. Applicants also elected the single compound as disclose in example 8a on page 89 of the present application, i.e.,

The examiner indicated that “upon the election of a single compound, the Office will review the claims and disclosure to determine the scope of the independent invention encompassing the elected compound (compounds which are so similar thereto as to be within the same inventive concept and reduction to practice).

In the non-final office action at hand, the Examiner has objected to claims 1-7, 16 and 24-26 as filed and pending in that they contain non-elected subject matter. Included herewith are newly amended claims 1-7, 16 and 24-26 re-written wherein only the elected subject matter is recited as required by Examiner Saheed.
